“Bringing a sense of adventure to Japanese fine-dining, Yellowtail Japanese Restaurant & Lounge delivers imaginative twists on traditional and modern Japanese cuisine.”

Located at Bellagio Las Vegas, Yellowtail brings innovative Japanese cuisine to a new level. The restaurant overlooks the iconic Bellagio fountain show, and guests can get a closer view when seated on the patio. The elegant décor perfectly showcases their innovative food and creates a warm, inviting atmosphere.

Featuring a seasonal menu with fish flown in daily from around the world, guests can enjoy the finest sushi, sashimi, tempura and hand rolls as well as an abundant menu of specialty sakes and cocktails.

The selection of appetizers includes both cold and hot options. Start with the popular Big Eye Tuna Pizza made with sashimi tuna sliced paper thin and drizzled with truffle oil, or you can try the Lobster Carpaccio or Octopus sliced thin and served with Jalapeno vinaigrette. Their Kobe Beef Tataki is topped with a perfect blend of spicy daikon, garlic and Maldon sea salt. For a warmer dish, the Tempura Alaskan King Crab topped with a sweet ponzu sauce is a wonderful choice.

Yellowtail offers many surprising dishes, including a Duck Prosciutto appetizer with micro arugula, pickles and micro beets – a delicious combination of flavors. A very innovative roll, their Popping Spicy Crab, is made with cucumber, asparagus and Watermelon Pop Rocks. The unexpectedly playful crunch of the Pop Rocks candy mixes well with the spicy crab for a delightful trip down memory lane to a favorite childhood treat.

Their expansive variety of sushi and sashimi includes Toro, Uni, Saba and many other favorites. Entrée selections include Jidori Chicken, prepared perfectly, and the Braised Kobe Beef Short Ribs that will melt in your mouth. For dessert, indulge in their Ginger Crème Brulee for a creamy and delicious end to an amazing meal.

No matter what draws you to Yellowtail, the food, the drinks or the atmosphere, you will enjoy every moment.
